COMMONWEALTH OF VIRGINIA

STATE CORPORATION COMMISSION

AT RICHMOND, MARCH 27, 2002

APPLICATION OF

VIRGINIA ELECTRIC AND POWER COMPANY
D/B/A DOMINION VIRGINIA POWER

CASE NO. PUE010663

For a certificate of public
convenience and necessity for
facilities in Fluvanna County:
Two parallel 500 kV transmission
lines to provide service to Tenaska
Virginia Partners, L.P.'s electric
generating facility

AMENDING ORDER

On March 22, 2002, the State Corporation Commission ("Commission") issued an Order for Notice and Hearing ("Order") establishing a procedural schedule in this case and directing Virginia Electric and Power Company d/b/a Dominion Virginia Power ("Dominion" or "Company") to publish notice of its current application in newspapers of general circulation in Fluvanna County. The Company has since advised the Commission Staff that the last sentence of the first full paragraph on page one of the Order, and the last sentence of the first full paragraph of the notice set forth in ordering paragraph (13), do not accurately reflect that approximately 0.76 mile of the total 0.91 mile right-of-way needed to construct both transmission lines is on property owned by Tenaska Virginia Partners, L.P. ("Tenaska"),

and the remaining 0.15 mile is on private property. The Company has further explained that Tenaska has now acquired a full 250 foot right of way on the 0.15 mile of private property.

In addition, Dominion has further advised that if the Order and notice are amended, publication in newspapers in Fluvanna County cannot occur until April 4, 2002. The Company further requests that if the Order and notice are amended, the date for service of the Order on certain government officials, set forth in ordering paragraph (15) of the Order, also be extended.

NOW in consideration of the foregoing, the Commission is of the opinion and finds that the Order and notice should be amended; that the date for publication be extended to April 4, 2002; and the date for service on certain government officials be extended to April 4, 2002.

Accordingly, IT IS ORDERED THAT:

(1) The last sentence of the first full paragraph on page one of the Order, and the last sentence of the first full paragraph of the notice, shall be deleted, and the following two sentences shall be inserted:

According to the Company, the entire length of both of the transmission lines will be on Tenaska's property, except for approximately 0.15 mile between the switching station and the existing 500 kV Doods-Elmont line. The Company indicates that Tenaska has acquired right-of-way where the transmission lines are not on Tenaska property.

(2) Paragraph (13) of the Order is amended to extend the date for publication from April 2, 2002, to April 4, 2002.

(3) Paragraph (15) of the Order is amended to extend the date for service on certain government officials from March 28, 2002, to April 4, 2002.
